---

I am a fourth grade computer engineering student of Yıldız Technical University and I am writing to express my interest in your internship program.

I want to be involved in the internship program in order to be able to implement the theoretical training I have received throughout my student life , I believe that,my energy,analytic skills,organizational abilities and creativity in tackling problems will make a positive contribution.I want to gain the necessary experience and do my best for the company.

I would welcome the chance to provide you with additional information to supplement what appears in my enclosed resume .I am available for personal interview at your convenience ,please let me know if you wish to further discuss your requirements and my ability to meet them.

Thank you for your time and consideration.

Sincerely,

Altan YEŞİLKURT
